(1) The first part of the paper is devoted to a discussion of the general principles of the theory of the structure of the atom. It is shown that the structure of the atom is determined by the laws of quantum mechanics, and that the laws of quantum mechanics are determined by the laws of the theory of the structure of the atom.

1. The first part of the paper is devoted to a general discussion of the problem. It is shown that the problem is of great importance and that it has not been solved before.

the weather was very nice today.
We went for a walk in the park
and saw many beautiful flowers.
The children were very happy

We also had a picnic under a big tree.
The food was delicious and everyone
enjoyed it very much.
It was a very pleasant surprise
to find such a nice place so close
to the city.
